

All-in-One AP Automation Solution: From Purchase to Payment

Leverage the unique power of the Yooz community: 100+ million invoices processed and 1+ million vendors.

No One Does What Yooz Does

Why Should You Choose Yooz?

Yooz removes all barriers to AP & P2P automation adoption, and provides the most powerful, zero-capex, zero setup, zero training cloud-based solution to every organisation!

Yooz leverages a unique combination of advanced technologies and the most AP-specific features on the market.

How Does Yooz Work?

No touch

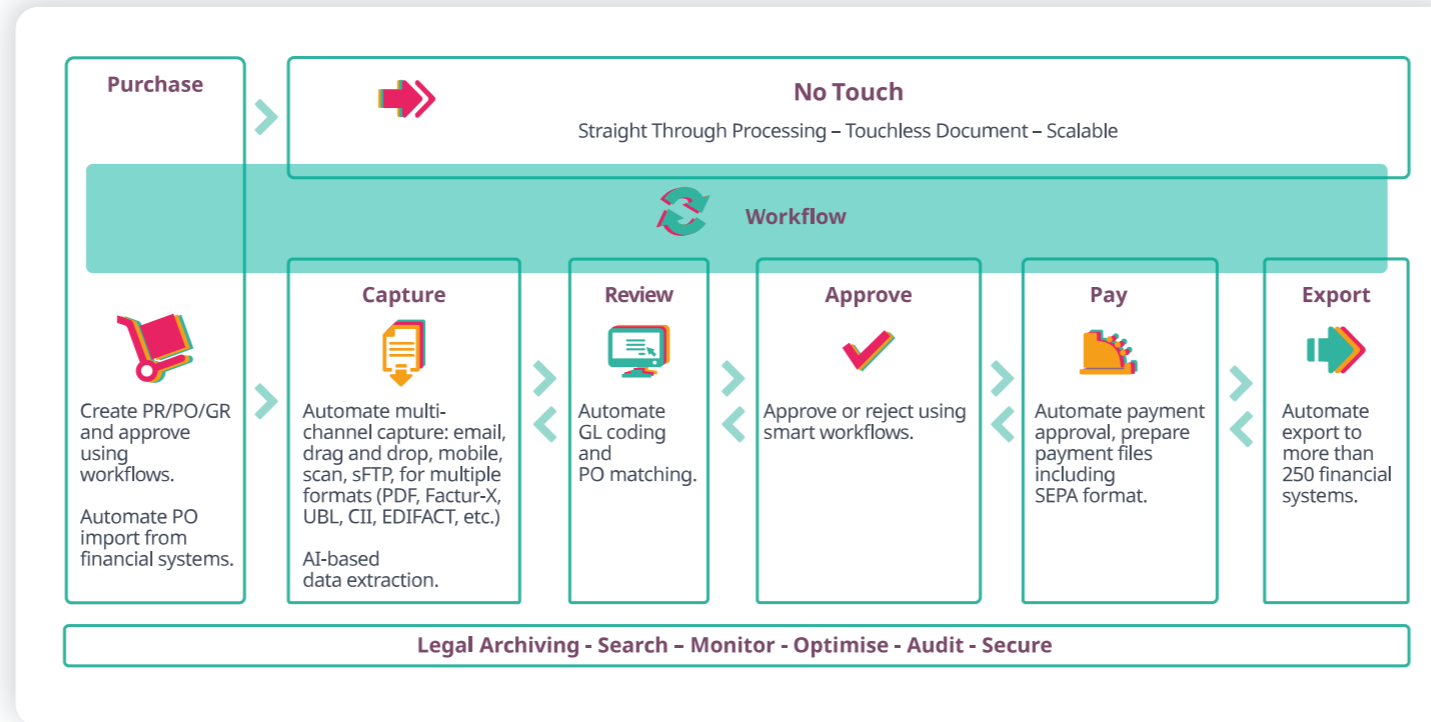

- Intelligent workflows to automate your approvals and payments.
- YoozStamp and YoozSmartSplit: 100% of documents separated automatically.

Purchase

- Automate PR/PO/GR and approve using workflows.
- Create purchase requests and generate purchase orders automatically.
- Manage deliveries and monitor budget.

Capture

- Multi-channel: 100% of your invoices, PR, PO, credit notes, goods receipt and more, captured via e-mail, drag & drop, mobile, scan, sFTP for multiple formats: PDF, FacturX, UBL, CII, EDIFACT...

Search - Lookup - Monitoring - KPIs

- All documents stored securely, in the cloud, easy to search and find.
- Gain instant visibility and stop losing documents.

Security - Compliance

- Detection of fraud (falsified documents, detection of inconsistent data, duplicates).
- Regulatory compliance (reliable audit trail, legal archiving, reliable copy, time stamp, etc.).

Export

- Invoice capture and automation seamlessly integrated with more than 250 ERPs worldwide.

Don't Take Our Word for It! Our clients are the heroes of our story.

4,000 companies across all business sectors worldwide automate their invoices every day with Yooz!
